

Wiring harness special terminal 282403-1

Wiring harness special terminal 282403-1

Material: copper tin

Sealing type: single wire seal

Crimp type: F type crimping

Socket Type: 180 °

Typical rated current: 6A

Docking male end width: 1.5 mm

Butt joint thickness: 0.8 mm

Wire Insulation Diameter: 1.2 - 1.6 mm

Temperature range: -40 - 125 ° C

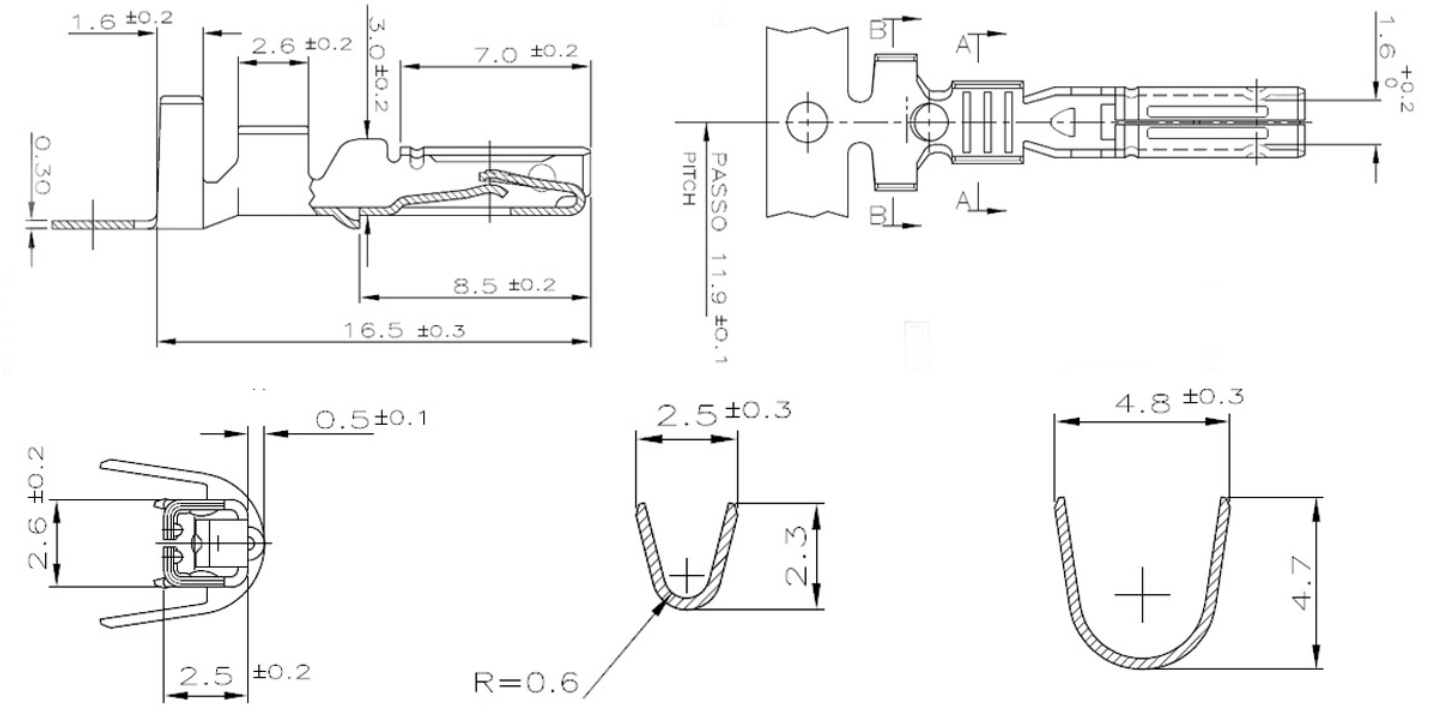

Terminal conduction: 0 - 24 A (low power)

Packing: 4000PCS / roll

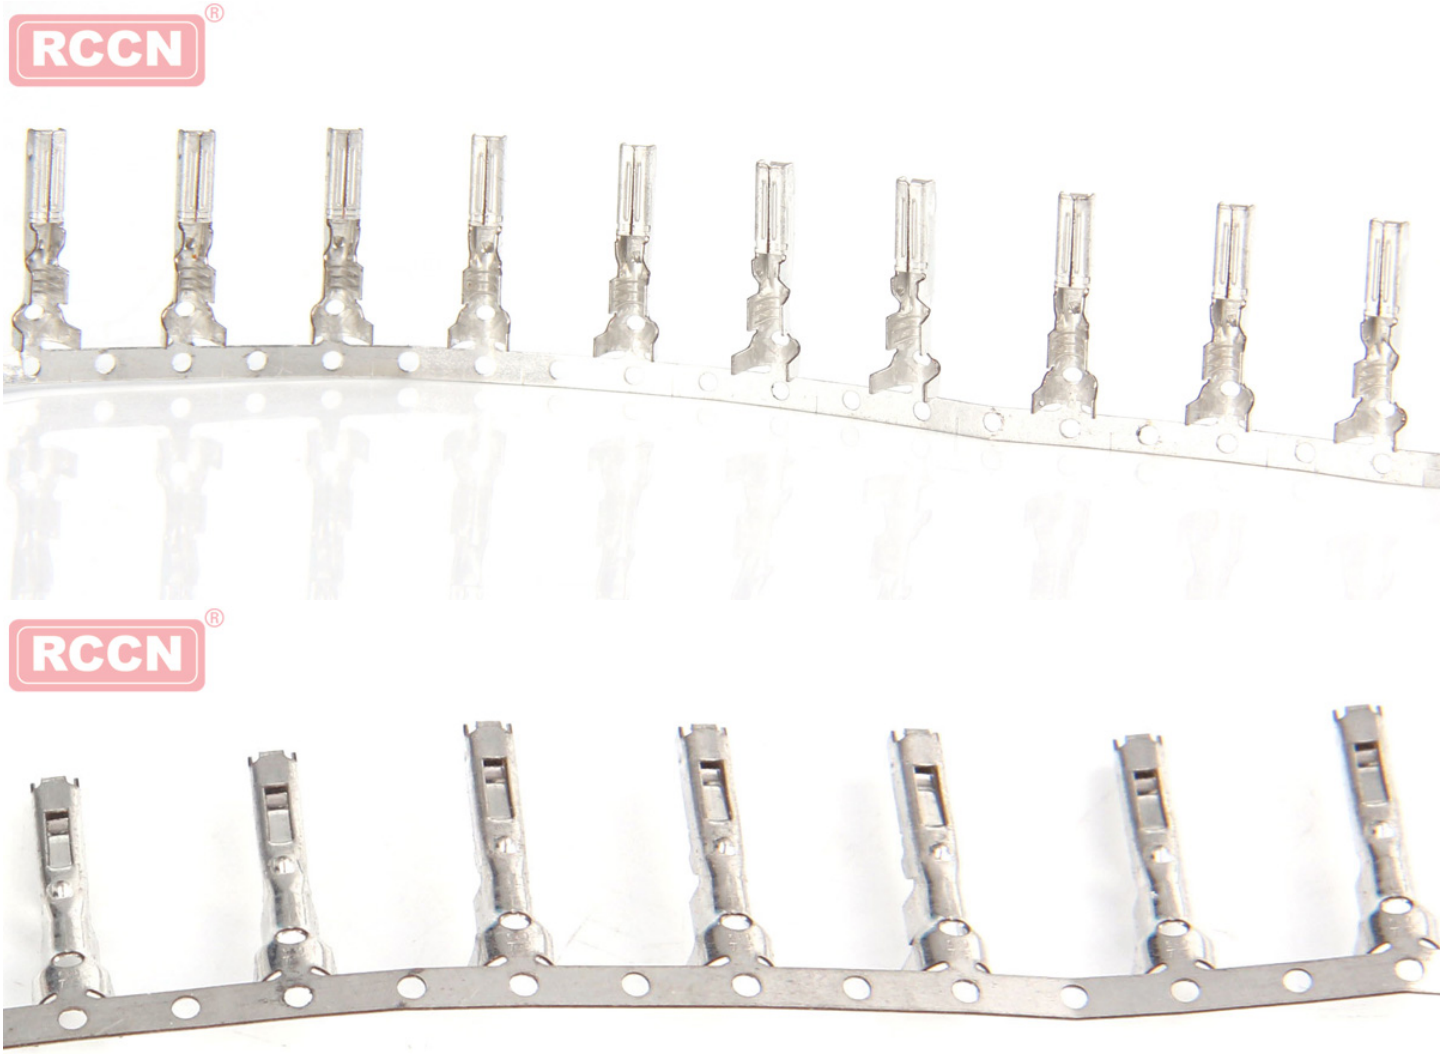

Uses: Terminals for cars, trucks, buses and off-highway vehicles
